- To obtain deciding set score sheets at tournaments where two-set matches are being played, a match may be played where the teams switch sides midway though both sets (at 13 for 25 point matches and 15 for 21 point matches), with the agreement of both Captains/Coaches and the First Referee.
- In 3-set matches (not two-out-of-three), teams will switch sides midway through the third set, ONLY when someone wants to keep score for certification purposes. There will be no coin toss before the third set, as this is not a deciding set.

Rating session

December 12th, Ramapo College, Boys Tournament.

Assigner/Arbiter.

- Your home page should be checked "Ready to be assigned".
- Keep the site updated.
- Note half day availability for new flight play format.
- Keep week day availability up-to-date. We occasionally get inquires from other assigners and we can provide available officials from Arbiter.
- Accept assignments immediately.
- Turn-backs. George gladly tries to replace with anyone who has a better opportunity.

Mileage corrections to Arbiter.

- Mileage for some trips appears to be vastly miscalculated. If you find this to be the case, please e-mail George the MapQuest URL which shows your town-to-town trip and we will make adjustments. Only do this if there is more than a 5 mile discrepancy one way.
